

Seo-mantra for Full on page seo guide.

Seo-mantra ,Hey guys first of all I will tell you how to it works. I have also implement all these tricks. Trust me Guys these trick work. If you do all these trick. I am Sure you will beat lot of pages in google serp.

On page Seo

On page seo related to those activity. which are done in the boundary of your webpage. Adding some engagement factor like image, good content, video, Pdf file. It will reduce your bounce rate. If your webpages bounce rate is less than 40% then it will help to increase your rank on google serp result.

Note -make sure your webpage simple and clean to read for user.

Note - I am going to tell what you need to on page seo.

1. Primary kejoyword.
2. At least 300 word related to your page.
3. Some image related to your page.
4. Some video link to related to your page.
5. Some pdf file to related to your page.

What is primary keyword.

Primary keyword is which keyword you want to rank on google serp. (Search Engine Result Page). Example- you want to rank on commercial gas burner. this is your primary keyword. you also need to find out the replacement of primary keyword like replacement of commercial gas burner is industrial gas stove. this is your secondary keyword.

Seo-mantra tips - focus on your snippet.
